

## 10<sup>th</sup> Arctic Circle Guzzi Rally 2026 12.6. – 14.6.2026 Kierinki, Lapland

Kierinki is a beautiful village milieu in Southern Lapland. The main buildings of the premises are large and beautifully decorated. Thanks to the uniform construction method and the placement of the buildings, the village image is balanced. In the inventory of the Environmental Center, Kierinki has been classified as a nationally valuable landscape area.

Around the same time in 10<sup>th</sup> – 14<sup>th</sup> of June there will be The Midnight Sun Film Festival at the village of Sodankylä, which is about 65 kilometers from Kierinki and some 120 km above the Arctic Circle. The atmosphere of the Midnight Sun Film Festival is one of the most unique in the whole world: film makers and audience around the world meet under the midnight sun in the relaxed and informal “spirit of Sodankylä. Films are shown in four venues for 24 hours a day, and the actual time is easily forgotten as the sun shines as brightly at 4 AM as it does at 4 PM.
